Ms. Foster,

Thank you for your message.

There are two additional letters that were inadvertently omitted from our transmittal. They are my letter to you of April 2, 2014 and your reply of April 7, 2014. They will be coming to you shortly.

The first transmittal is the complete document May 27, 2016. The letters dated September 17, 2015, September 10, 2015, May 1, 2014 and the "San Jacinto Waste Pits Techniques for Successful Contaminated Sediment Dredging" are attachments.

Thank you for your attention to our transmittal and for helping us make sure we have a complete record.

Mr. Owens,

I wanted to make sure we have the correct documents for the administrative record. The e-mail attachments sent today were letters dated May 1, 2014; September 10, 2015; September 17, 2015; and May 27, 2016, and also sent by e-mail was a report entitled "San Jacinto Waste Pits Techniques for Successful Contaminated Sediment Dredging."

You referenced in your e-mail below letters dated April 2 and April 7, 2014. Are the April 2014 letters additional comments for inclusion in the administrative record, or were the documents e-mailed today the only ones in question? Please let us know, and thanks.

Anne Foster

Dear Ms. Foster,

Per my voice mail message, three letters- comments were sent to the EPA by Harris County that are missing from the Proposed Plan Administrative Record. The three letters that appeared to be missing are dated April 2, 2014, April 7, 2014 and May 27, 2016. They are coming to you via email and regular mail with copies to Gary Miller and Carl Edlund. Please include them in the Proposed Plan Administrative Record and please let me know if you have any

questions.

Regards,
